

Java JDK Versions Timeline

Version	Release Year	Key Features
JDK 1.0	1996	Initial version by Sun Microsystems
JDK 1.1	1997	Inner classes, JavaBeans
J2SE 1.2	1998	Collections Framework, Swing
J2SE 1.3	2000	HotSpot JVM default
J2SE 1.4	2002	assert keyword, NIO
Java 5 (1.5)	2004	Generics, Annotations, Enums, Autoboxing
Java 6 (1.6)	2006	Scripting, JDBC 4.0, performance
Java 7 (1.7)	2011	Try-with-resources, diamond operator, NIO.2
Java 8 (1.8)	2014	Lambdas, Streams API, Date & Time API
Java 9	2017	Modules (Project Jigsaw), JShell
Java 10	2018	Local variable type inference (var)
Java 11 (LTS)	2018	HTTP Client API, removed Java EE & CORBA
Java 12	2019	Switch expressions preview
Java 13	2019	Text blocks preview
Java 14	2020	Records preview, pattern matching preview
Java 15	2020	Sealed classes preview, text blocks official
Java 16	2021	Records official, pattern matching instanceof
Java 17 (LTS)	2021	Sealed classes official, strong encapsulation
Java 18	2022	Simple web server, UTF-8 default charset
Java 19	2022	Virtual threads preview, structured concurrency
Java 20	2023	Pattern matching improvements, scoped values
Java 21 (LTS)	2023	Virtual threads official, sequenced collections
Java 22	2024	Statements before super(), APIs, string templates preview
Java 23	2024	Primitive types in generics preview, unnamed variables
Java 25 (Upcoming LTS)	2025	Expected next LTS release
